

Wolz Nautic - Premiere with its own stand at the Monaco Yacht Show 2015

The stand layout was elegant, no-frills but very expressive, and the open design attracted a host of interested visitors and potential customers to check out what Wolz Nautic had on offer. The merits of teak deck specialist Wolz Nautic's product portfolio were presented to the public in the principality under the motto "Facts become emotion". It was also possible to take a close look at Wolz Nautic's products in the outdoor area of the Monaco Yacht Show as well. One of the latest projects involving Wolz Nautic teak decks was the megayacht ESTHER III, delivered by Lürssen in 2015, and other projects, such as the Supertender from KORMARAN, were staged in a masterly fashion and boasted teak decks by Wolz Nautic. A further highlight at this year's show too was the evening event staged by the editorial team of Boote Exclusiv on Hotel Miramar's terrace directly overlooking Monaco's harbour. This year was the Franconian teak deck specialist's third consecutive time as main sponsor of this event. As a special surprise, Wolz Nautic raffled off a comfortable "relax chair" manufactured by STRESSLESS. The background of this activity lay in the communication of the advantages of Wolz Nautic's products, such as time savings in the shipyard, after-sales service, technical support, etc., for which purpose the slogan "Avoid stress - join Wolz" was consciously chosen and the evening crowned at the end by the raffling of the Stressless chair. All in all, the Wolz Nautic team at the Monaco Yacht Show had highly constructive initial talks, expanded on existing projects and conducted preliminary discussions on new projects - all of which gives good reason for Wolz Nautic to see the coming fiscal year in a very optimistic light.
